Cooled, Transported Semen Contract

I hereby agree on _____ day of _____, _____
to breed the mare _____, registration number _____
to the stallion _____, registrations number _____
using cooled, transported semen for the _____ breeding season.

1. The stallion fee for cooled, transported semen is \$ _____. This includes the \$ _____ non-refundable booking fee which is payable upon execution of this contract. There is a \$250.00 charge per shipment for shipping expenses. The remainder of the stallion fee and the first shipping charge is due ten (10) days prior to shipment or the semen will not be sent. These fees may be paid by Visa or MasterCard.
2. A photo static copy, both sides, of the registrations papers on your mare must accompany this contract. The owner recorded on the registration certificate will be the owner recorded on the Stallion Breeding Report.
3. Armstrong Equine Services collects stallions on an **Every-Other-Day Basis**. This is to preserve stallion fertility throughout our breeding season. AES breeding season exists from February 1st through June 15th.
4. A request for a shipment of cooled, transported semen must be made at least 24 hours prior to shipping time which is 9am Mountain Time. Cancellation must be made by 7:30am Mountain Time shipping day. Failure to cancel by 7:30 am Mountain Time will result in a \$200.00 shipping charge. Cancellations can be made by phone, fax and e-mail messages. Semen will be sent via FED-EX. If counter to counter air transport shipment is necessary an additional fee at \$200.00 will be charged.
5. This contract contains a "Live Foal Guarantee". A live foal is described as a newborn foal which stands and nurses without assistance. If a foal is born dead, or the mare absorbs/aborts a predetermined pregnancy there are return privileges, only if Stallion Manager is notified within thirty (30) days and receives a statement confirming this.

6. If a mare absorbs or aborts a pregnancy after having been pregnancy checked in foal, or if the mare fails to conceive during the normal breeding season, the Stallion Manager agrees to breed the same mare again during the immediately following year's breeding season. There is a charge of \$250.00 for re-breed service expenses. A substitute mare, accepted by the Stallion Manager, may be used only if the original mare is deceased or deemed unfit for breeding.
7. A Breeder's Certificate will be issued for the foal conceived as a result of the breeding. The Breeder's Certificate will be issued only after all expenses have been paid in full and after the foal is born and has been reported to the Stallion Manager.
8. Neither AES nor any of its officers or employees shall be liable for damages as a result of damage to the semen or as a result of a mare failing to settle. In the event the stallion should die or become unfit for breeding purposes this contract shall terminate and any money paid on the stallion fee, except the non-refundable booking fee, shall be refunded to the Mare Owner.
9. When signed by both parties this document will become a legally enforceable contract, binding on both parties.
